Subject: **Manufacturer's Declaration of Conformity to Directive 2011/65/EU (RoHS II)**

We declare under our own responsibility that all our products are in conformity with:

**Directive 2011/65/EU (RoHS II)
of the European Parliament and of the Council of 8th June 2011
on the restriction of use of certain hazardous substances in electrical and electronic equipment**

within the terms of its scope and the transitional periods established therein for each category of EEE.

In particular, the products **multipole connector inserts for industrial purposes, removable crimp contacts, enclosures for multipole electrical connectors**, and all relevant accessories, are in compliance although not falling in its scope.

NOTE 1 – Depending on the product, they may make use of exemption 6(b) for lead as an alloying element in aluminium containing up to 0,4% lead by weight (enclosures for multipole electrical connectors) or 6(c) for copper alloy containing up to 4% lead by weight (multipole connector inserts and removable crimp contacts).

NOTE 2 – This is not an EU Declaration of Conformity and the CE marking, which may be present in compliance with other EU applicable directives, is not referred to this RoHS II Directive.

NOTE 3 – For all our products that were not in the scope of previous Directive 2002/95/EC (RoHS), and which are now classified as electrical and electronic equipment (EEE) according to the new Directive:

- industrial plugs, socket-outlets and couplers: series Pluso and Pluso-Ex;
- switched interlocked socket-outlets: series BK, PK, KI...IB6/EB6, TM, TM-Ex and SQ;
- empty enclosures: series FM, FC; BK, TM, TM-Ex, AC, and AP (APV, APW, APS, APX);
- assemblies for construction sites: series QM, QP and QG;
- switch-disconnectors: series Z;
- fuse-carriers: series VS and VD

the conformity will be accordingly applicable at the end of the transitional period, from 22nd July 2019.

NOTE 4 – This Declaration covers all modifications to Directive 2011/65/EU officially published at the date of issue
